

LIFE #flushyourmeds Scott Barry ;  
By Scott A. Barry / Scott A Barry / Scott Barry ... ;

Okay so here is life on Earth, all it is is a botched circumcision because of an accidental natalism birth. Then it is Being Demonized for Twenty Years for being white as your skin color and being in America. Then it is Zionism, UCC, the Globalist Talmud. Then it is Indoctrination for K-12 Public Schools. Then it is Human Trafficking MKULTRA Uncle Sam's Snuff Factory CIA Mossad Did 911, Patriot Act. Then you have a mental breakdown and snap with five mental hospital stays for questioning The fake holocaust and claiming the opposite of religion that humans become Telepathic Ghosts when they Die and that Martainst Started Religion Odom-Manifesto. Then you are warned by your family that if you ever have a Sixth Mental Hospital Stay all of your belongings and stuff will be destroyed and thrown away in the landfill all of your clothing everything, your family will disown you and you will have no access to your bank account, birth certificate, family or any of your paperwork, becuae the mental hospital discharged you into homelessness and cut up your wallet and everything in it to keep you homeless with no bank account and nothing, and your family lied to you the whole time and disowned you, only needed you for extra money and that's it, because they are narcissists and do not actually care about you, also you are a waste of air and your life has no purpose, because you are a white male with a psych history aka a toxic male that means nothing. Then you have your BS a\*\* Kisser siblings that also disowned you when they first grew up with you and were the narcissists in the family that always took advantage of you, tortured you, treated you like c\*\*\* when you got even and threw away all their video games in the land fill for them see that and destroyed their SSDS and HDDS and Flash Drives when they had backup copies at their homeless shelter when they were fake homeless, then you do not even care about your siblings anymore, you would not even care if they died and you really mean that also, and you are told all the time by Voice to skull if you really did not care you would STFU an V2K tells you to kill yourself all the time, because you are a failure and your only close call to death was when you wen to the funny farm for the second time and a cop was going to bash your brains during a mental eval and let you out of your

misery, but instead you flaked out and let the cop live you instead of bash your brains during the questionnaire, then you finally were on your way to the mental hospital, then other times you stayed there you over heard in the psych eval room so many other patients in that same hospital get their brains bashed by the police, because they were mentally ill, some of them got shot in the head, some got their brains bashed, so you brainwashed Americans Love your TV, forget about MKULTRA of the CIA and Uncle Sam's Snuff Factory and the rest of the human trafficking programs ran by Government, you see nothing works in society and there is nothing positive to life on Earth as Humans are only a genetic experiment of the Twelve Alien Races and a Bastard Race that means nothing, and Martians feel nothing are sexually deviant and are not on our side in any way, so life is just that C\*\*\* then you die then you are a Telepathic Ghost and religion is a Dumb Cult for Morons. Also what is the point in The American Dream, A bunch of brainwashed yankees and yuppies have the other option of better job security from The Internet as it is a less volatile less taxed source of income, but the sheep do not know how to manage it or navigate it so they the sheep do not know how to use the internet for Passive Income. As they are brainwashed Lemmings they remain brainwashed in their own ways and life is just vapid purposeless and meaningless. So if you screw up again with a Sixth Mental Hospital Stay, your family that disowned you will throw you out into homelessness, throw away all your stuff, close your bank account, and you'll lose everything when mental Hospital Staff Finally Cut up your wallet and screw over all your paperwork and stuff when they do their Medical COINTELPRO FBI c\*\*\* on you and you get used to it. The Brainwashed Mindset wins, if you deny the holocaust everyone your friends, your family will all disown you completely ... ; Same goes with not wearing a mask or getting the COVID JAB ... ; --Scott A\*\*hole Barry, sudo passwd root ; nmap -Pn -O localhost ; ... ; This is the Footer EOF of all of this Stupid ASCII Print ... ;
